Hercules Dry Freight Bodies

Custom Built by the Specialists at Hercules for over 100 years

Virtually maintenance free bodies!

Hercules has been setting standards of excellence since 1902. Developing a design to meet your needs and help encourage equipment longevity through better ROIs is not only our primary goal, it is our proven area of expertise.

Most manufacturers will offer service, but, what kind of service? Hercules offers friendly customer centered service. And quality... Hercules quality is second to none. Our equipment... now that is our pride and joy!
